PROFILE

I'm a data scientist merging a finance & business background with a passion for AI to transform insights into innovative solutions.

EXPERIENCE

AI & Data Science Working Student

DATALOGUE | Hamburg | Jun 25 - Dec 25

20h/week on a **B2B Sales Lead** project from concept to MVP. **Concept & design:** Co-shaped the overall approach combining an **agents app** with a **generic news-crawler pipeline** for company & contact research; defined data flow, validation points, DB connection & human-in-the-loop Feedback to refine vectorization/prediction quality.

MVP agents app: Built a Streamlit app running multi-LLM agents for targeting company, contact, insights, and drafting outreach emails with domain/contact verification.

Generic crawler: Implemented a pipeline to crawl news sites, extract content & analyze articles with LLMs to surface company insights.

Junior Entrepreneur / Mentee

Future Founder Program | Hamburg | Nov 24 - Jan 25

Transformative entrepreneurial program, immersing in workshops, coaching sessions, and pitch events to develop a **startup mindset** and bring innovative ideas to life.

Within a team of four, we tackled the challenge of complex biotech regulations with an **AI-powered tool**, streamlining compliance processes to help life-saving products reach the market faster.

Trainee Java Development

neuefische GmbH - School and Pool for Digital Talent | Hamburg |Jan 24 - Apr 24

Intensive full-time **Full Stack Java Development Bootcamp**, focusing on full-stack web development. Gained expertise in Java (Spring Boot, OOP, MongoDB, OAuth, Docker), TypeScript, and advanced React.

Built and deployed the **capstone project: MyRecipes, a web app leveraging AI** to suggest recipes based on available ingredients, showcasing skills in Java, REST APIs, MongoDB, and TDD.

THANK YOU

... for taking the time to explore my journey into data science & AI. While some of my technical skills come from hands-on projects and ongoing learning, I am excited to bring my enthusiasm, adaptability, and problem-solving mindset to real-world challenges with dedication and a strong commitment. I look forward to discussing how I can contribute to your team.
